DATA COLLECTION

The data file must be presented in 4 columns with these field names in the following order.

Column A	Column B	Column C	Column D
Thumbnail Image URL	Audio file code	Direct URL	Keywords

Column A - "Thumbnail Image URL" - This a URL address of your thumbnail image. Note: It should be a maximum 150 pixels square. Put the URL address from your site in column A.

Column B - "Audio file code" - add the audio file code or number here.

Column C - "Direct URL" - put the URL address of the page that actual audio file plays in.

Column D - "Keywords" - Add your keywords or keyword groups. Your thumbnail image will be seen on our site search for these keywords, and the user will be able to click through to the actual audio file.
